

ANXIETY AT THE CAPITAL

Congress Will Be Strongly Behind President Wilson

SPLEEN VENTED ON SECRETARY BRYAN

General Feeling is That Hostilities Are Not Wanted with Mexico

Washington, April 20.—Sitting at his own typewriter in the White House on Saturday afternoon, President Wilson wrote personally the statement of his ultimatum to Mexico. Extra newspapers were on the streets with it in a few minutes, and Washington realized anew that the crisis as to Huerta was more grave than ever. The Senate was not in session Saturday, and only a few representatives were attending a rather perfunctory session of the House. Consequently there was little excitement at the capital among members of the legislative branch over the decision that Huerta must decide to salute or not to salute by 6 o'clock Sunday evening.

DYSPEPSIA OVERCOME

Tone Up the Stomach with Hood's Sarsaparilla

When you have dyspepsia your life is miserable. You have a bad taste in your mouth, a tenderness at the pit of your stomach, a feeling of puffiness, headache, heartburn, and sometimes nausea.

Dyspepsia is difficult digestion—that is what the word means—and the only way to get rid of it is to give vigor and tone to the stomach, and the whole digestive system. Hood's Sarsaparilla, sold by all druggists, is the one medicine which acts on the stomach through the blood and also directly. Its beneficial effects are felt at once. Improvement begins immediately.

Hood's Sarsaparilla purifies the blood, makes the rich red blood that is needed for perfect digestion, and builds up the whole system. Be sure to get Hood's, for no other medicine can take its place.—Adv't.

The usual Saturday quiet of Washington was, of course, upset by the warlike doings. It was the warmest and fairest day of the spring. The president went into Virginia to play golf, but was interrupted there by messengers with important despatches from Mexico, which necessitated the calling of a cabinet meeting. However, late in the afternoon all official Washington, including the president and several members of his cabinet, attended a beautiful wedding when Miss Portner became the bride of Representative Hal Flood of Virginia, chairman of the House committee on foreign affairs.

Committee May Hear "Mother" Jones.

"Mother" Jones may have a hearing before the House committee investigating the Colorado coal strike. Chairman Foster so announced at Washington on Friday, after receiving a request for a hearing from officials of the United Mine Workers. Her testimony will be taken there this week.

Late Saturday President Wilson attended the wedding of Representative Henry D. Flood of Virginia, chairman of the House foreign affairs committee, and Miss Anna V. Portner of Appomattox, Va.

SPORTING NOTES.

The Mackmen are an aggregation of players who do not rely entirely on the work of any two men. If the main stars fall down Mack has five or six men who can jump into the breach.

Ty Cobb was up to his old tricks in the opening game of the American League. He drove across two runs in the thirteenth inning against St. Louis and then scored himself by a sensational run from a short sacrifice fly. His batting won the game.

Ty Cobb and Sam Crawford are considered to-day the strongest combination on any of the batting lists of the big leagues. For years these players have retained those honors until last season, when the Collins-Baker faction of Philadelphia trimmed them out and that was solely because of the lateness of Cobb's reporting. He lost about forty hits during his holdout. Collins-Baker scored 374 hits during the year. Cobb and Crawford were next with 369. Speaker and Lewis of Boston were third with 354, while Lajoie and Jackson were fourth with 353. Daubert and Wheat of the Brooklyn Dodgers were the best combination of batters in the National League, securing 339 safe blows. In 1911 the Cobb-Crawford combination established a record with 465 singles, about 100 more than the Collins-Baker faction. Nevertheless, considering that Cobb is starting the season in time, there seems to be no reason to offer to doubt the power of the Tiger swatsmen.

SEIZE JEWELS WORTH \$3,000

Customs Officers at Alburgh Get Diamonds, Pearls, Etc.

TOOK THEM FROM RACHEL JOSLOVITCH

Who Was Wearing Most of the Jewelry—Charge Is Smuggling

Burlington, April 20.—A big seizure of diamonds, rings, pearls and jewelry of various kinds, valued at \$3,000 was made Saturday afternoon at Alburgh by the customs officers, and Mrs. Rachel Joslovitch, who said she came from England some time ago, was arrested. She had the jewelry on her person, most of it in plain sight. The woman was brought to this city and was arrested on a warrant made out by United States Commissioner Henry B. Shaw, and it was served by Deputy Marshal Thomas Reeves. She was brought before Capt. Burleson at the customs house here and was admitted to bail in the sum of \$800 fixed by Mr. Shaw, Joseph Agel of this city being the bondsman.

Mrs. Joslovitch is a good looking woman, who claims she could speak but little English. She was spotted by officials at Montreal, who asked that the officials at Alburgh take her. It is believed that she was acting for her husband whose whereabouts she refused to divulge. She was taken into custody at Alburgh by Deputy W. B. Harvey. The jewelry found upon Mrs. Joslovitch was one diamond ring set with pearls, one bracelet set with diamonds, one diamond and pearl ring, diamond earrings and one bracelet set with precious stones.

A MIRACULOUS ESCAPE.

Automobile Goes Down 15-Foot Bank and Passengers Escape Unhurt.

Plymouth, N. H., April 20.—Charles J. Ayer, a prominent insurance man of this town, and Mrs. Alice Ann Kimball, also of Plymouth, had a miraculous escape from death Saturday night when an automobile in which they were riding plunged down a 15-foot embankment on the state highway about a mile and a half from the village, flinging them out over the windshield.

Mr. Ayer sustained a dislocated shoulder, a ragged scalp wound and a severe cut over one of his eyes. Mrs. Kimball escaped with a fractured arm and a severe nervous shock.

Both were brought back to their homes here. Dannie Meenan, the versatile Columbian athlete, is one of the liveliest winners in collegiate sports in the East. During basketball season he was so badly battered during the campaign that his attending physicians reported he would be unable to play baseball during the summer. Meenan has already reported for the team and is playing an outfield position. During the latter part of the winter Meenan received a dislocated shoulder and a broken wrist.

BOOM FOR ROOSEVELT

Launched by Progressives at Indianapolis by Senator Poindexter

IS NAMED FOR PRESIDENT

Progressives Told by the Senator That Most Republicans Will Support Him

Indianapolis, April 20.—Senator Miles Poindexter of Washington launched a boom for the nomination of Theodore Roosevelt as the presidential candidate for the Progressive party in 1915 in a speech here Saturday before the Indiana Progressive state convention. The senator, after an elaborate attack upon the Democratic and Republican parties, declared the Progressives' presidential nominee would have the support of the great mass of the people.

The Democratic administration, he said, had not dealt effectively with current or international questions because it was bound by "an unfortunate sectional issue." He denounced particularly President Wilson's stand for repeal of the tolls exemption clause of the Panama canal act.

"The Progressive party is fortunate in having in its ranks and as its principal leader Theodore Roosevelt," said the senator. "He has the prestige of his record in the presidency. Should he be nominated by the Progressives—as he probably will be for the presidency, he will have the support of the great mass of the members of the Republican party, because they are progressive."

"The Progressive party does not believe in distorting the language of a treaty to deprive the people of the benefit of the Panama canal. It remains for the Democratic party, having voted for the tolls exemption, approved it in their national platform and on the stump, now to propose to surrender the sovereignty of this most costly of all the American possessions to the whims, caprice and sordid interests of foreign countries and domestic railroad lines.

"Now it is proposed in pursuance of the same futile policy to pay \$25,000,000 of the people's money to the republic of Colombia, presumably to buy its good will. There seems to be a mania in this administration for making treaties. It is urged as a basis of peace. As a matter of fact, they are the source of controversy and disagreement leading to unfriendly rather than peaceful relations."

IN THE FIELD OF SPORTS

Captain Thatcher of the Missouri university track team will be sent to Philadelphia to take part in the relay games of the University of Pennsylvania. Thatcher is a shot-putter and discus thrower.

In the squabble between the army and navy for grounds for next fall's game, the army and navy club at Washington has suggested that the 1914 game be played at Washington and the 1915 game at New York. The former would be of considerable advantage to the navy and the latter to West Point.

Chester Pike of Windsor has been secured to start the big races at Northampton during the latter part of July. Pike is well known in Vermont racing circles.

The Siberian wolves driven by Johnson, which won the 412-mile all-Alaskan sweepstakes dog team race of 1914, in remarkable and well conditioned finish at Nome, Alaska, last week are a cross between the Alaskan wolf dog and the Siberian wolf. They possess the agility and endurance of the Siberian wolf and the sagacity and intellect of the Alaskan dog. They are light in color, either white or gray, and coated with shaggy fur.

Charles Evans, the former western golf champion, has gone to England to take part in the international matches to be held this summer. Frazer Hale, another Chicagoan, will also take part in the matches.

Gowdy, the Boston Braves, catcher, signed a contract for four years a short time ago.

Bill Yale, the veteran first baseman of the Eastern association, has signed a contract to play with the York, Pa. club.

Examination of the injuries received by one Birmingham last week confirm the fear that he may be out of the game during the remainder of the season. His injuries were internal and, according to Dr. J. H. Blair, physician of the White Sox, Birmingham will be lost to the Cleveland club for the remainder of the season.

After watching the practice games at Lakewood, N. J., where the defenders are training for the international matches to take place in June, American poloists are confident that the Westchester cup will remain in this country. Several wagers have been made that the American four would win the series two best out of three.

Male Voters Procrastination.

In none of the ten equal suffrage states has the woman failed to free herself of notorious political disabilities and ancient injustices or neglected to acquire what she considers her full rights. This was to be expected. Common sense dictates such a course. The women would be fools if they did not make such first use of the ballot, nor do men quarrel with it. But—and here is an interesting study in psychology—the average man demands a larger reason than this for his gift of the vote. Consciously or subconsciously he resents the inference that women need more protection than he is willing to give. Gross inequalities persist because of the male voter's procrastination rather than his meanness or indifference. More important things, to him, push forward, and he finds difficulty in "getting around" to what the women want. Yet he hates and refuses to be put in the position of denying or resisting.—By Geo. Creel in March Century.
